

# Give Me Five Approved Non-Profit Agencies/Volunteer Opportunities

---

## Give Me Five Mission Statement

The mission of the Give Me Five! Community Service Program is to provide all students with the opportunity to learn about and participate in hands-on community service while stimulating the intellectual and social conscience of the student. Participation in the program will educate all students to become advocates for service, help them develop leadership and concern for others, provide opportunities for civic development, and strengthen relationships between students and the community.
