

**Calera Elementary School**  
**Annual Implementation Plan (AIP)**  
**Overview**  
**2019-2020**

**Social Emotional Academic Learning (SEAL)-** We will implement the Second Step curriculum school wide beginning October 21st. Ms. Brock and Mrs. Keelin will deliver the content to students. Teachers will use the common language. The anticipated outcome is a decrease in the number of office referrals for "intentional touching/striking."

**ELA-** We are working on building students' reading stamina and writing skills based upon grade level rubrics.

**Math-** We are working on specific standards in areas of need as indicated by the previous school year's Scantron Performance Series test results. Professional Learning Communities, PLCs, will focus on student centered coaching and current data. Ongoing reviews will be created and shared in order to close gaps in the standards of need.

Targeted Areas Include:

**Kindergarten**

- **MD1-** the weight of a given object
- **MD3-** sort and classify objects according to attributes.
- **G1-** describe the relative position of objects in space in terms of proximity, position, and/or direction

**First Grade**

- **OA8-** determine the missing number in a subtraction number sentence up to 20
- **OA8-** determine the missing addend in an addition number sentence up to 20
- **MD1-** order objects according to their length.

**Second Grade**

- **NBT2-** complete patterns of skip counting by five within 1,000
- **NBT9-** properties of operations to add within 100
- **MD9-** create a line plot using data generated by measuring lengths of several objects

**Parenting-** We are focusing on family engagement. Participation in School Wide events like Parenting Day and Student Led Conferences will be monitored for success.
