

CHELSEA HIGH SCHOOL

2020-2021

Teaching and Learning Objective: CHHS will implement standards based, targeted instruction to develop data-informed instructional practices that improve Tier 1 learning for all students.

English, Reading, and Writing

Strategy 1: Teachers will regularly implement instruction that improves the ability of students to apply ELA skills required to recognize details and make connections within a text.

Strategy 2: Teachers will regularly implement instruction that improves the ability of students to apply ELA skills required to identify and correct sentence fragments and run-ons for the purposes of increased proficiency in writing and grammar.

Strategy 3: Teachers will regularly implement instruction in which students will formally and informally practice writing that demonstrates the ability to formulate, organize, and support ideas with evidence.

EVIDENCE

- Lesson Plans (reflecting all DOK levels)
- Learning Targets (Visible in classrooms)
- IXL Student Scores

Math

Strategy 1: Teachers will regularly implement instruction that improves the ability of students to apply mathematical skills required to write and solve linear equations, and simplify radicals.

Strategy 2: Teachers will regularly implement instruction that requires students to justify their reasoning, logic, and strategy in solving problems using methods such as written and verbal explanations.

EVIDENCE

- Lesson Plans (reflecting all DOK levels)
- Learning Targets (Visible in classrooms)
- IXL Student Scores

SEAL (Social, Emotional, Academic Learning)

Strategy 1: Teachers will develop and implement LEAD lessons that expose students to life skills that will enable them to be productive citizens.

Strategy 2: Teachers will implement practices to help foster an environment that supports students' emotional well-being.
