Date _____

Dear Parent/Guardian of _____,

Based on performance on the Shelby County Schools Universal Reading Screener, your child has been identified as having characteristics of dyslexia. Although, we cannot make an official diagnosis of dyslexia, your child has exhibited characteristics that suggest dyslexia. In order to provide equal access to the curriculum, your child will receive dyslexia-specific accommodations and/or interventions as needed, which may include a prescribed program. Recommendations for accommodations, interventions, and specific programs will be developed, monitored and communicated to you through the Problem Solving Team (PST) at your child's school. The PST is made up of school personnel that work with classroom teachers to provide additional strategies and instructional support for identified students. Reports on your child's progress will be shared with you. For more information about characteristics of dyslexia, testing, classroom accommodations, and resources, please visit *Dyslexia Resources* on the Shelby County Schools website, <http://www.shelbyed.k12.al.us/dyslexia.html>

We are committed to your child's academic success and are glad to have the opportunity to provide your child with this additional support. If you would like a conference with the Problem Solving Team, please contact us.

Sincerely,
