8:03 AM (Edited 10:28 AM) 

Before you prepare for a restful summer vacation, review the information below for your summer reading assignments. You'll find it's a mixture of a little fun and a little work. You'll have a variety of assessments (gold, silver, and bronze), as well as classwork, centered on these assignments, so it's important that you arrive refreshed and ready to begin. I look forward to seeing you in the fall!
